Re: Bill No. Z-81-07-15

Dear Mr. Baeten:

I am in receipt of a copy of the July 30, 1981 letter which you directed to my attorney, Mr. Norbert J. Schenkel, Jr., concerning the rezoning of lots 110 through 116 in Slataper's Addition.

It is my understanding that the property is to be fenced, landscaped, paved, and lighted in a manner that will protect the residential properties to the west of Slataper Street. Further, we agree to submit a site plan for approval by the City Plan Commission prior to the application for or issuance of any improvement permits for that property.

In that last regard, on the night of the public hearing by the City Plan Commission, we did submit a site plan for the construction of a new building along with the fencing of the entire area. That site plan not only contained location of buildings and fences but also a small rendering of the proposed improvements to be constructed. In fact, that site plan is the actual proposal for that property, and I would request that it be submitted to the Commission for its approval. If there is detail lacking which you require in any area, please let me know so that I can have the architect include that detail for your inspection and approval since it is our every intention to comply with your Commission's conditions which were imposed along with the recommended "DO PASS" to rezone.

Should you have any questions or comments, please feel free to contact either my attorney, John Schenkel, or me at your convenience.

Sincerely,
